Year of manufacture:	2023
Serialnumber:	S2F33850
Running hours:	0 h
Mileage:	0 km
Condition:	Class 5
Location:	Austria
	6401 Inzing / Tirol
Price:	**On request**

The Stratos 0.6m³ is a mountable spreader of the small Stratos series intended for mounting on compact carrier vehicles, such as small flatbed trucks, pickups or narrow track vehicles. Typical areas of application are depots, car parks, cycle paths and footpaths, along with alleys in the old town and some municipal roads. The small Stratos series uses the same technology as the larger Stratos spreaders.
